

16<sup>th</sup> March 2020

**EXTERNAL ANNOUNCEMENT – Fastener Fair Delhi is scheduled to 4-5 September 2020**

Dear Exhibitors, Partners, and Visitors,

Like all of you, we have carefully monitored the global health emergency related to coronavirus (COVID-19) which has now been globally declared a pandemic and a notified disaster in India. It is imperative that we prioritise the health and safety of everyone involved in Fastener Fair Delhi 2020; employees, customers and exhibitors.

**Fastener Fair Delhi is now scheduled for 4-5 September 2020 at Pragati Maidan (ITPO) in New Delhi.**

We have taken this very difficult decision due to the such extraordinary situation in the region and around the world. We consulted with all our stakeholders, especially key exhibitor and visitor groups, and national pavilions, and took our decision in alignment with the directives and advice from the Indian public health authorities and the Government of the National Capital Territory of Delhi regarding public events as well as travel to and from impacted countries. We are grateful to our customers for all their support and constructive input during this challenging period.

We continue our relentless effort to further build and enhance a top quality visitor audience that is a trade mark of our event, making it the leading show in the fastener and hand tool industry in India.

We will continue to closely monitor the on-going situation and remain in close contact with all our Fastener Fair Delhi stakeholders over the coming weeks and our thoughts remain with all those impacted by the virus.

If you require further information, please do not hesitate to contact:
